# MK 24

## ABOUT

The MK 24 with its 5.56×45 mm caliber redefines the light machine gun class by combining machine-gun firepower with assault-rifle handling.

Its lightweight, free-floating receiver promotes stable optics and efficient heat dissipation, while the streamlined feeding system ensures dependable performance under sustained fire.

With a quick-change barrel and reduced combat weight, the MK 24 boosts operator mobility and effectiveness for modern elite units.
