## ABOUT

The PZD 556 Mk2 is a lightweight, 5.56×45 mm belt-fed machine gun crafted for agile squad-level support.

Its gas-operated, open-bolt design and quick-change barrel deliver sustained fire capability with ease of maintenance.

Designed to balance firepower with ergonomic handling, the 556 Mk2 lets operators maintain suppressive fire with comfort and confidence in dynamic engagements.

# MACHINE GUN

As a producer we guarantee that our manufacturing and quality program fulfills and satisfies every requirement for every mission.

MACHINE GUN

# FEATURES

## HANDGUARD

Combination of handguard and heat shield provide an ergonomic grip. Also front grip can be attached to the lower rail.

## GAS REGULATOR

11-position gas regulator lets the operator tune the cycle for ammo and suppressor use, ensuring reliable operation in dirt and extreme conditions.

## BARREL

13.75" and 16" quick-change fluted suppressor ready barrel with improved heat dissipation. Each barrel is identically zeroed and includes an adjustable flip up front sight.

## BIPOD

Reinforced telescopic bipod foldable to the front and to the rear even with a front grip attached to the lower rail.

# TECHNICAL DATA
