ABOUT

The PZD 762 Mk0 light universal machine gun offers robust 7.62×51 mm performance in a belt-fed, gas-operated platform.

Engineered for dependable operation and sustained fire, its open-bolt firing and quick-change barrel make it ideal for versatile support roles.

With ergonomic handling and mission-ready reliability, the Mk0 is built to deliver consistent results across a range of operational environments.

MACHINE GUN

As a producer we guarantee that our manufacturing and quality program fulfills and satisfies every requirement for every mission.

MACHINE GUN

FEATURES

HANDGUARD

Combination of handguard and heat shield provide an ergonomic grip. Also front grip can be attached to the lower rail.

GAS REGULATOR

11-position gas regulator lets the operator tune the cycle for ammo and suppressor use, ensuring reliable operation in dirt and extreme conditions.

BARREL

16", 18", 20" and 22" quick-change fluted suppressor ready barrel with improved heat dissipation. Each barrel is identically zeroed and includes an adjustable flip up front sight.

BIPOD

Reinforced telescopic bipod foldable to the front and to the rear even with a front grip attached to the lower rail.
